

Revision Date: September 10, 2025

CLASI is pleased to offer and maintain the Respite Registry, serving families and caregivers within Saskatoon and the surrounding area. Respite Care offers a much-needed respite for caregivers, providing them with a short-term break.

The Registry is made up of individuals who have a passion for building meaningful connections and making a positive impact on the lives of others. Respite care offers a flexible schedule, making it an ideal opportunity for retirees or those looking to supplement their income while accommodating existing work or school commitments.

All respite caregivers go through a screening process, including verification of two references which are documented. Families can request contact information and documentation as needed. Additionally, all caregiver applicants are required to submit a satisfactory criminal record check including a vulnerable sector before being included in the Registry.

The Registry is updated every month, if you encounter difficulties locating a caregiver or have an outdated registry, please contact me at 306-652-9111, ext. 120 or by email bfox@clasaskatoon.org

Sincerely,

Brittani Fox

Youth & Respite Coordinator
